

SYRIA:

"I HAVE HOPE IN HUMANITY"

Young girl praying in a church in Syria

Sonya, a young Syrian Christian, grew up in the shadow of war. "I didn't have a beautiful childhood. I was growing up when bad things started." Her voice echoes the pain of an entire generation that has never known peace.

The project partners of Aid to the Church in Need (ACN), Sister Annie and her congregation, serve people like Sonya every day. They bring food, medicine, fuel, and dignity to families

who have lost everything. Earthquakes, war, and persecution have left Christian communities on the brink of hopelessness.

Yet, Sonya still says: "I have hope in humanity." That humanity is you. With your support, Aid to the Church in Need can keep reaching those in desperate need — our brothers and sisters who believe in miracles even after 14 years of hardship.

Will you be the answer to their prayers? You can make a tremendous and significant difference in the lives of Christians in need in Syria.

Your kind gift today will provide:

- **Emergency help** to Christians still suffering after the earthquakes.
- **Summer camps** initiatives for children to escape violence and chaos.
- **Repair of Christian homes** and churches damaged by war and earthquakes, and
- **Funding to allow Catholic schools** to remain open.

Please know that we are thankful for your kindness and compassion for Christians who are suffering. We could not continue to fund such essential and life-changing projects like these without your support. 

If you wish to receive this leaflet by post please send us your contact details via SMS on 7999 9969

SYRIA:

“DO NOT CAST ME OFF IN MY OLD AGE”

Sister Nataly, one of our project partners, taking care of a sick woman

For many elderly people in Syria, life is a daily struggle. Frail and isolated, they are unable to join their families abroad. Increasing poverty and inflation make it impossible for them to afford essential medication.

ACN is counting on your support to be able to continue providing life-saving medicines for these elderly people through the Sisters of the Sacred Hearts of Jesus and Mary.

The Sisters are providing ACN-funded medicines to elderly people in 13 towns and villages outside the coastal city of Tartus. Stressing how sky-rocketing inflation and increasing poverty are forcing people to go without basic necessities.

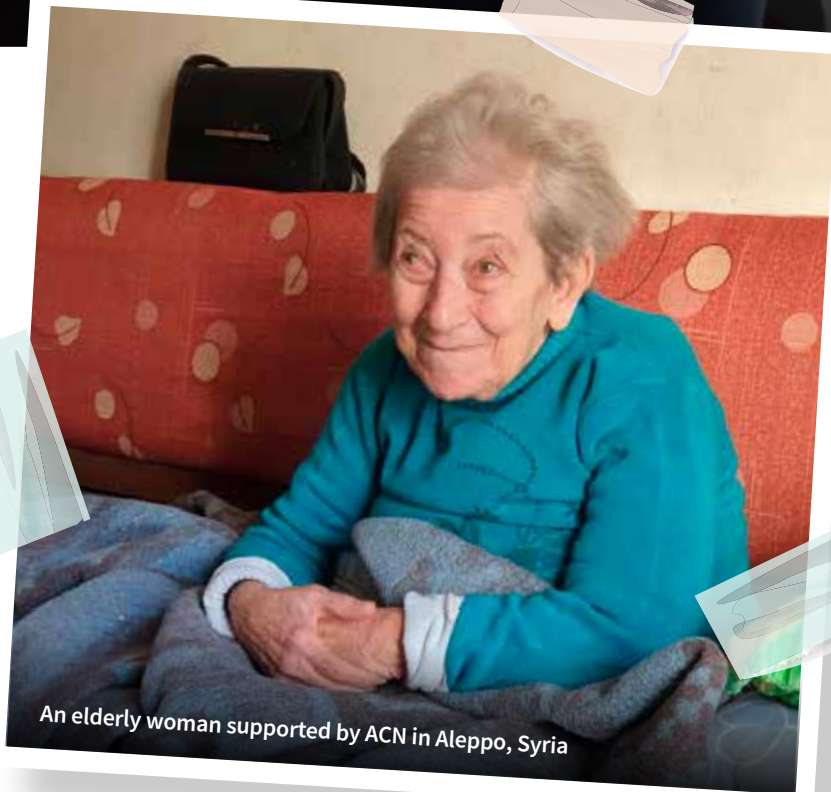

Sr Marie Rose Al-Barkil told ACN: “After reviewing the situation of many elderly people in our parishes, we decided to increase the number of elderly beneficiaries so that we can provide them with medicines.”

She added: “Out of our desire to continue alleviating and healing pain, we renew our request to you to help us,

so that we take care of our elderly and preserve their dignity in the last stages of their lives.”

As inflation and poverty soar in Syria, the Sisters' work is more vital than ever.

Your support makes a tangible difference in the lives of Syria's elderly, providing them with the medicines they need to live with dignity. ✝

SUMMER CAMP INITIATIVES - A BREATH OF FRESH HOPE

Young girls at a summer camp supported by ACN

For children growing up in poverty, war or the threat of violence, summer camps supported by ACN are a breath of hope. This year, a group of 60 young girls from struggling families in Zrenjanin in northern Serbia are looking up to ACN to help them break out of the hardships of their daily lives and discover their full potential.

Will you help us make their dream become a reality this summer?

ACN is partnering with the School Sisters of Zrenjanin to provide a safe haven for girls from poorer backgrounds, offering education, Faith guidance, and a chance to thrive through yearly summer camps. The summer camp run by Religious Sisters is a unique opportunity for these talented young girls to develop their skills, build confidence, and deepen their Faith.

With your support, we can help provide:

- **A safe and nurturing environment** for 60 girls to grow and flourish
- **Educational activities**, including cooking, handicrafts, and outings
- **Spiritual guidance** and Faith development
- **Essential resources**, including food, lodging, and materials

Your donation will make a tangible difference in the lives of these girls. Please consider supporting this worthy cause and help us empower the next generation of young women. **Will you help us make a difference in their lives?** ✚

LIBERIA: JOY AND RELIEF IN EVERY DROP

Village people in Liberia in search of clean drinking water

In Liberia, poverty and lack of access to basic necessities are a harsh reality for many. The struggle to find clean water is a daily challenge that affects not only the people but also the Priests who serve them. Father Ulick, a dedicated Priest in one of Liberia's parishes, knows this struggle all too well. Until recently, he spent hours each day collecting water, taking away from the time he could devote to his Catholic Community.

More parishes look up to ACN to help them

ACN was able to install a brand-new water pump in Father Ulick's parish in Liberia, bringing clean water and new life to the community. This gift is transforming lives, enabling Father Ulick and other Priests to focus on their ministry and serve their parishioners more effectively.

Father Ulick's parish, however, is not alone in its need. Many other parishes and communities in Liberia are still struggling to access clean water, a basic human

right that is out of reach for far too many Catholics. That is why your continued support is so crucial. Your donation can bring hope and life to more parishes in desperate need, improving health and quality of life for countless individuals.

Will you consider supporting ACN's life-changing water projects in Liberia? Every gift counts, and every drop of clean water brings joy and relief to those who need it most. ✝
